## Product Portfolio

### Ethernet CPEs

- **Portable Router**
  - 4G LTE-A
  - **LTE4506-M606**

- **Indoor IAD**
  - 4G LTE-A Pro
  - **LTE5398-M904**

- **Outdoor Router**
  - **Wireless AC/N**
  - **PM7320-B0**

- **OLT2406 Series**
  - **NSG50**
  - **NSW100-28P**

### Network Infrastructure

- **Desktop Switches**
  - **GS-108B v3**
  - **GS1200-8**
  - **PLA5405 v2**

### Wi-Fi Access Points

- **Personal Cloud**
  - **NAS540/NAS542**

### Security Services

- **ATP Firewall**
  - **ATP700**

- **VPN Firewall**
  - **Switch RGS Series**
  - **6/12/18/26-port Switch 2210 Series**
  - **Switch 3800 Series**

### LAN Controllers

- **Wireless LAN Controller**
  - **Cloud CNM**
  - **Security Service**
  - **Anti-Virus/Malware**

### More Products

- **LAN Controller**
  - **ONE Connect**
  - **ONE Connect mobile app**

- **Switch**
  - **ONE Connect**
  - **ONE Connect mobile app**

- **Cloud Appliance**
  - **ONE Connect**
  - **ONE Connect mobile app**

- **Personal Cloud**
  - **NAS540/NAS542**

### Additional Features

- **Compact design with a unique cable channel**
- **Layer-2 isolation to secure personal data**
- **Supports NebulaFlex**
- **Auto provisioning and centralized management**
- **ONE Connect mobile app**
- **Browse your media contents from your Zyxel NSA directly on your mobile device**
- **Selecting specific files or folders as “my favorites”**
- **Security threat report**
- **Automatic adjustment of power consumption**
- **Connect up to five to eight network devices at Gigabit wire speed**
- **Compact, rugged metal housing with wall mount possibility**
- **Fanless, Noiseless Design**
- **Extends your existing 802.11ac dual-band WiFi network for better speed and coverage**
- **5 GHz 8x8 antenna design**
- **Advanced security and parental control with AiShield protection**
- **Experience hassle-free installation with web browser or Multy app**
- **Business-grade antennas and Skyworks Power Amplifier for better stability**
- **Set Internet limitation for your child without constantly monitoring them**
- **Inbound & Outbound traffic filtering**
- **Dynamic, cloud-based URL filtering database**
- **Stream-based scan technology without file size limitation**
- **DCS, load balancing and smart client steering**
- **Connection inspection, CPU protection**
