Software Release Note NebulaFlex Switch XGS1935 Series

Zyxel NebulaFlex Switch XGS1935 Series

V4.90(ACJ_.3)C0 Release Note

Date: Mar 26, 2026

This document describes the features in the XGS1935 series for its 4.90(ACJ_.3)C0 release. XGS1935 series is a hybrid switch with NebulaFlex technology to support operation in either Standalone mode or Nebula cloud management mode.

Supported Platforms

Support Platform	FaOS Firmware version	Boot Version
Zyxel XGS1935-28	V4.90(ACJW.3)C0	V1.00 05/30/2024
Zyxel XGS1935-28HP	V4.90(ACJX.3)C0	V1.00 05/30/2024
Zyxel XGS1935-52	V4.90(ACJY.3)C0	V1.00 05/30/2024
Zyxel XGS1935-52HP	V4.90(ACJZ.3)C0	V1.00 05/30/2024

New Feature and Enhancements

1. Optimized system stability and synchronization with Nebula to enhance overall device connectivity and management reliability.

Bug fix

Bug fix	Nebula	Standalone
---------	--------	------------

Known Issue

Known Issue	Nebula	Standalone
1. The switch cannot access cluster member when cluster member's password been encrypted.	-	V
2. The accuracy of cable diagnostic is +20m. When without cables, the value of distance to fault would not be 0	V	V
3. Only 2 criteria of link aggregation can be used at the same time. The third criteria set on trunks will not be implemented, but follow the first criteria.	-	V
4. ZON utility show the wrong message when it reset the switch to the default setting.	V	V

Limitation of Settings:

Limitation of Setting	Nebula	Standalone
1. 802.1Q Static VLANs	1K	1K
2. Static MAC forwarding entry	-	256
3. MAC filtering entry	256	256
4. Cluster member	-	24
5. Port-security max address-limit number	16K	16K
6. Syslog server entry	2	4
7. MAC table	16K	16K
8. Multicast group	1K	1K
9. IPv4 ACL	128	128
10. IPv6 ACL	-	128
11. DHCP Relay Entry	16	16
12. Static ARP entry	-	256
13. Static route max entry	32	32
14. Trunk groups	28(HP):12 52(HP):24	28(HP):12 52(HP):24
15. Per trunk group port number	8	8
16. MSTP instance	-	0-16
17. Voice VLAN OUI entry	6	10
18. ZON neighbor per-port maximum clients	-	10

Change History

- V4.90(ACJ_.3) | 03/26/2026
- V4.90(ACJ_.2) | 09/05/2025
- V4.90(ACJ_.1) | 08/08/2025
- V4.90(ACJ_.0) | 07/10/2024
